Sale at Oswald's Rockvale Ranch Sale Pavilion located 28 miles Southwest of Billings, Montana, or 90 miles Northwest of Cody, Wyoming, on U.S. No. 310  
1 mile South of Rockvale

**JOLIET, MONTANA**

**Phone 406-962-3331**

Sale Starts Promptly at 12:30 P.M., M.S.T.  
Free Lunch at Noon

**FREE DELIVERY.**—On any \$500 animal or total purchase by one buyer of \$2,500 or more to any adjoining state or Canadian port of entry. A condition of this offer is that the animals are at the buyer's risk as soon as bid off. Insurance will be available from the clerks on sale day, and we strongly recommend that you insure your purchase for full value. We will do everything in our power to protect the animal's health and safety until delivered.

## GENERAL INFORMATION

**TIME**—Saturday, February 28, 1970. Sale will start promptly at 12:30 p.m., M.S.T.

**LOCATION**—The sale will be held at Oswald's Rockvale Ranch Sale Pavilion, located 28 miles Southwest of Billings, Montana, or 90 miles Northwest of Cody, Wyoming, on U. S. Highway No. 310. One mile South of Rockvale Junction.

**TERMS**—The terms of this sale are cash. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at the buyer's risk as soon as bid off.

**DELIVERY DATE**—On any \$500 animal or total purchase by one buyer of \$2,500 or more to any adjoining state or Canadian port of entry, at our convenience as soon after the sale as possible. A condition of this offer is that the animals are at the buyer's risk as soon as bid off. Insurance will be available from the clerks on sale day and we recommend that you insure your animals for full value.

**GUARANTEE**—All cattle sold in this sale will be sold under the Standard Guarantee endorsed by the American Shorthorn Association.

**LIABILITY**—Each transaction in this sale will constitute a contract between the buyer and seller of each lot. The auctioneers, clerk and sale manager have been employed by the seller for specific tasks not connected with the handling of cattle or the condition of the premises and they accept no liability, legal or otherwise, for the buying contract or for any accident. Every effort will be provided for the safety of those attending this sale but the seller cannot accept liability for injuries that may occur. All persons attend this sale at their own risk.

**HEALTH**—All cattle will be sold according to the health regulations of the state of Montana. Buyers must be aware of any variations between the laws of Montana and their own states. Interstate health certificates will be furnished. All cattle in the sale have been vaccinated for Blackleg.

**CERTIFICATES OF REGISTRY**—Certificates of registry with transfers entered and recorded in the buyer's name will be furnished for each lot sold.

**AUCTIONEER**—Frank Cole, Jr., Red Lodge, Montana.

**VETERINARIAN**—An approved Veterinarian will be on hand sale day.

**PERSONNEL**—Ted Aegeuter, American Shorthorn Assn., Seward, Nebraska; Ralph Heinemann, Western Livestock Journal, 533 Cook, Billings, Montana; Bill Hiett, Montana Farmer-Stockman, Great Falls, Montana; John McDonald, Western Livestock Reporter, Billings, Montana.

**MAIL ORDERS**—Those unable to attend who desire to buy may contact any of the above men, all of whom will be in attendance. Late bids on sale day can be phoned to the Sale Manager who can be reached at Oswald's Rockvale Ranch, Phone 406 962-3331, Joliet, Montana.

**INSURANCE**—Buyers wishing to insure their purchases through Harding & Harding Livestock Insurance can be accommodated by so indicating to the Sale Clerk at time of settlement.

**TRANSPORTATION**—For those arriving by plane or train, at Billings, Montana, contact Orlyn Oswald for transportation to and from Oswald's Rockvale Ranch.

We take this opportunity to invite you to our sixth annual sale which is always the highlight of our beef operation. We have had five very successful sales with many repeat buyers which is a great satisfaction and hope we can continue to have these repeats. That is one way of finding out that our cattle are satisfying the buyers.

We appreciate good prices the same as any other rancher would, but we treasure more the friendship and the word that the cattle are working satisfactorily for the new owners. That is something that we can keep forever. The bankers and high-pressure salesmen soon get the money, but can never take the friendships and satisfied customers.

**1968 BUILDER OF THE BREED**  
**(Excerpts from Shorthorn World)**

Orlyn Oswald, Joliet, Montana, is a third-generation Shorthorn breeder. His grandfather started the herd in the 1880's. With his father, he worked in the organization of the successful Montana Shorthorn Feeder Sale, and the annual bull and calf sales. His own annual production sales have set high goals for western breeders and are an important force in expanding the Shorthorn Commercial influence among ranchers. For six years president of the Montana Association, he works actively with junior members. A stalwart and quiet worker, none has done more than he in a vital beef cattle area.

This honor is presented to only seven men in the nation each year. Orlyn is the first man from Montana ever to receive this honor.

**W L UPRIGHT**—The 1964 All-American Spring Bull Calf, Reserve Grand Champion Bull at Fort Worth, first prize winner at Denver, and top selling bull of the Iowa Royal where we purchased him, all in 1964. He is royally bred. He is by the \$7,500 sire of many champions, Louada Aristocrat. His imported dam is by Bapton Clanroy who sold to Coldoch for \$10,000. The granddam was by Calrossie Wildfire, used at Coldoch for several seasons, then sent to the Argentine for a long price where he sired several Palermo champions. Two of his first calves are heading purebred herds, Sam Gunlock of Shepherd and Emerald Ranches of Red Lodge. Eight bulls sired by him sell.

**LOUADA BARBARIAN**  
\$5,000 sire of Barbarian Armado.

**BARBARIAN ARMADO**—A strong, red bull, we also purchased in 1964. As a senior calf in 1963 he won his class several times and was always near the top in strong shows. His half-sister was an international reserve junior champion. This bull is by the \$5,000 Louada Barbarian, who has sired many champions and whose sons have all weighed over 900 pounds at 12 months of age. One bull sired by him sells.

**KC RAMSDEN LEADER**—If you study pedigrees, here's one of the best. By Glamis Benefactor, sire of the undefeated get-of-sire of 1966. Ramsden Leader is out of one of KC's most prized Saltoun females. He is a full brother of Miss Ramsden of KC that was grand champion of Missouri, Kansas and Mid-America State Fairs and reserve champion at the American Royal and Illinois State Fairs before standing second to the reserve Junior Champion at the International. She sold for \$2,200 in KC's production sale. Saltoun Miss Ramsden 11th is a beautiful, middle-of-the-road cow that has produced many other of KC's best including a \$3,000 son that now heads the herd of S. E. Severson, Sheldon, N. Dak. Sixteen bulls sired by him sell.

**GLAMIS BENEFACTOR**—Benefactor was the undefeated supreme champion of Great Britain in 1962 and is the only bull ever to win both the Perth and Royal Highland supreme championship in one year. He then went on to sweep seven other shows. 1966 was the first time that a full show herd of Benefactors was exhibited and the results were amazing. They had an undefeated Get of Sire—both 1966 and 1967 in major shows. We are using two sons of his which you will soon be hearing of. Fourteen bulls sired by him—sell.

# **THINK "CENTS-ABLY" . . . USE SHORTHORN BULLS**

1. Fact after fact substantiates the Shorthorn position as a money maker for rancher and farmer.
2. A 1969 University of Minnesota test showed that Shorthorns produce a carcass with an average value of \$325.12 . . . this was \$27.88 more than for Hereford carcasses and \$38.95 more than for Angus carcasses.
3. At the Ogallala, Nebraska, Bull Test Station, Shorthorns gained 2.83 pounds per day . . . their nearest competitor was 2.77 pounds.
4. Ft. Robinson crossbreeding experiment show Shorthorn cross-breds with a weaning weight advantage of 4.6%; slaughter weight advantage of 4.9%.
5. J. J. Hendrix, Hall, Montana, reports that Shorthorn bulls have increased his average weaning weights by 60 pounds and his cow weights by 150 pounds.
6. With a daily gain of 3.11 pounds, Shorthorns at the Schuyler, Nebraska, Bull Test Station required 663 pounds less feed per bull than the top gaining (3.12 pounds) pen.
7. Jim Breedon, Augusta, Montana, reported back after changing from another breed of bulls to Oswald Shorthorns that he added 125 pounds to his weaning weights from the year before, and put them in a commercial feeding lot, and they were weighing a thousand pounds at one year. They went on to slaughter with excellent carcass data.
8. The Champion Shorthorn bull at the recent 1969 Northern International Livestock Exposition (NILE) was sired by an Oswald Shorthorn bull.
9. One of the Oswald Shorthorn bulls led in the Billings Bull Testing Station in the 1968-69 test.

More proof that these bulls are fitting in on both range and breeding programs.

Tranquility on the Oswald summer pasture.

Lentrant Butterfly

Lt. Roan, Lentrant Estates, Ltd.

WESTERN BENEFACTOR 8017—A late summer yearling by the great Glamis Benefactor. Out of the imported Butterfly cow family. He has a good head. Should develop into quite a bull with this combination. He has an IPR certificate. NI-86; DGI-111.6; YWI-100.3; IPRI-106.0. Her nursing index was down some because of a spoiled bag. She raised several good calves before this and was a good milker.

BENEFATOR'S MARKSMAN 8024—He is by the great Glamis Benefactor that was never defeated in Great Britain or America and has had many Champion Get of Sire in the major shows, and out of the imported Saltoun Bandit cow which is from the Clara family that has produced us many good bulls. He shows the length and trimness that many are looking for.

### GLAMIS BENEFATOR

Glamis Benefactor has been acclaimed throughout the world as a great show and breeding bull. The richness of his pedigree gives added assurance of the prepotence of his calves.

The pair of females by Glamis Benefactor was undefeated in five consecutive shows and second at the International.

LEADER'S PRINCE BOB 8029—This good, husky senior calf is from the KC Ramsden Leader bull and the Denver Champion, W. L. Consort, dam. He shows the stretch that many are looking for.

# The Second Half of Four Generations Welcome You!

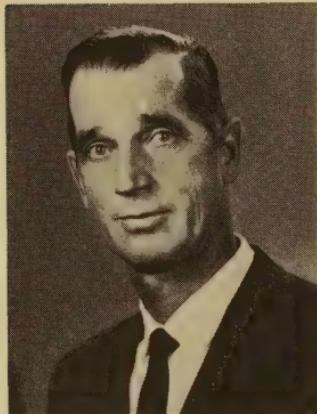

**Grandfather**  
**JOHN L. JONES**  
Started 1882  
Rockland, Wisconsin

**Father**  
**OTTO H. OSWALD**  
1919  
Brought to Broadview

**Son**  
**MALYN L. OSWALD**  
1957  
4-H, Joliet, Montana

**ORLYN W. OSWALD**  
1930  
Broadview to Joliet, Mont.

We welcome you to our sixth annual sale which we would like to dedicate to the original builders of "Oswald Shorthorns," John L. Jones and Otto H. Oswald, who have passed on, and who were dedicated Shorthorn men.

Our records show that my grandfather, John L. Jones, was in the business in 1882 and my father got his cattle from him in 1919.

From its founding until 1947, the herd grew steadily in numbers and Orlyn and his family moved to an irrigated ranch near Joliet where he maintains the headquarters for the Oswald Shorthorns. He maintains the herd at a couple hundred females and his satisfied Shorthorn customers range as far west as Washington and to as far east as Virginia. He is still convinced that one of the reasons for this is his continuance of one of his father's policies—Neither of them ever "spared the horses" when it came to owning just the right bull for the herd.

We have done performance testing and exhibiting at our strongest local shows with satisfying re-

sults. In 1963, we took three senior calves to our state sale and won Grand and Reserve Champions and Champion Get of Sire. In 1964, we had Grand Champion Female. All four were by the Denver Champion, W.L. Consort. In 1965, we entered four bulls in the Midland Testing Station, all from different sires. They were all in the top end of the 180 bulls entered, gaining well over three pounds per day, which proves the uniformity. In 1966, at the special Shorthorn Feeder Calf Sale in Billings in October, the top selling pens of steer calves and heifer calves were sired by one of our bulls and at this same sale, the top selling pen of Angus-Shorthorn cross-bred calves came from a herd using Oswald Shorthorn bulls. A pen of cross-bred Shorthorn-Hereford calves topped the sale in December, sired by Oswald bulls. The top 4-H calf in the 1967 Feeder Calf Sale was also sired by an Oswald bull. This, I believe, proves the uniformity of the herd, together with their bred-in gainability, and ability to breed on.

The past five years we have been putting our bull calves on IPR tests. They are fed a light grain ration. Maximum 4 to 8 pounds of grain. We have gains of over 3 pounds on this ration. We start with 4 pounds and work up to 8 pounds mixed with alfalfa grass hay to control the grain intake.

1967 being an excellent grass year in this area we weaned the heaviest set of calves in the area with no creep.

A brother of our herd sire sired the 1965 Reserve Champion Steer of the Chicago International. This was over all breeds. We have sold steers that have won championships at the Spokane Junior Steer Show, the Wyoming State Fair and several smaller shows. The Spokane Show is one of the largest in the Northwest.

In 1968 a bull from a cow we sold in one of our production sales was third best gainer, all breeds competing, in the Billings bull testing station.

We feel that conformation, with gainability, is a must. We have always tried to buy herd sires with a good record of performance. To illustrate, in early 1964, we bought a spring calf with a great show record. Later, a group of the most competent judges voted him the 1964 All-American Spring Bull Calf. He was one of eight All-American bulls in the United States and Canada. His service and get will be one of the features of this sale.

In 1967, Oswald Shorthorns added two K.C. bulls to our battery of herd bulls. Both by Glamis Benefactor. One bull was the top of K.C.'s production sale. The other, a calf, is a full brother to K.C. Miss Ramsden who has a very enviable show record. We hope that these bulls will carry on the enviable record the older sires are making.

In 1968, we added Montana Silver Event, by Kilburn Great Event, to our herd bull battery.

Jim Breeden, Augusta, Montana, reported back after changing from another breed of bulls to Oswald Shorthorns that he added 125 pounds to his weaning weights from the year before, and put them in a commercial feeding lot, and they were weighing a thousand pounds at one year. They went on to slaughter with excellent carcass data.

The Champion Shorthorn bull at the recent 1969 Northern International Livestock Exposition (NILE) was sired by an Oswald Shorthorn bull.

More proof that these bulls are fitting in or both range and breeding programs.

In 1941, Orlyn married Mavis Popelka of Billings, and they have three children, two daughters, Marilyn and Roxy, and a son, Malyn. Mavis' brother Richard, who started his herd with Oswald foundation stock in 1959, is a guest consignor of this sale.

We, the family, cordially invite you to be our guests Saturday, February 28, 1970, to our sixth production sale. Free lunch will be served at 11:30 a.m., and the sale will start at 12:30. We urge you to come and bring your neighbors.

**RICHARD POPELKA**

**Orlyn Oswald's brother-in-law and guest consignor.**

I, too, would like to take this opportunity to invite you to this year's production sale, in which I am a guest consignor.

Our first Shorthorn was in 1958, when our son bought a heifer from Orlyn Oswald to take in 4-H. My children showed this heifer in several fairs, three years in a row and it was chosen as "The Model of An Ideal Cow," several times during the three consecutive years.

I have built my Shorthorn herd up until I now have 50 Registered Shorthorn cows and 100 commercial cows.

I have been a guest consignor in Orlyn's production sale each year. Most of my cattle stem from Oswald breeding. We live in Billings but keep our cattle on a ranch eight miles north of Red Lodge, Montana.

Again, I would like to express my hope that you will be able to attend this year's Oswald Production Sale—February 28.

DICK POPELKA

## "SHORTHORNS WORTH MORE TO FEEDER AND PACKER"

A recent letter to the editor from a student at Iowa State University asked for some new arguments of Shorthorn and Polled Shorthorn superiority. Many are available, of course, but the following are three of the most recent examples that prove that Shorthorns not only do better in the feedlot, but also taste better on the table.

Recent feedlot and slaughter tests at the University of Minnesota's Morris and Rosemount experiment stations revealed that Shorthorn carcasses were worth as much as \$38.95 more than other English breeds.

The statistics reported at the Beef Cattle Clinic at St. Paul showed that Shorthorn-Polled Shorthorn carcasses had an average value of 80 cents per day of age compared to \$.673 for one breed and \$.703 for another.

When slaughtered, the Shorthorn carcasses showed a total value of \$325.12 to the packer compared to \$297.24 for one breed and \$286.17 for another. This gives the Shorthorns an advantage of \$38.95 and \$27.88 a head over the other English breeds on test.

In recent government of Alberta tests, Shorthorns scored an average daily gain on feed of 2.07 pounds against only 1.90 and 1.84 for two other breeds tested. Shorthorns gained 2.20 pounds per day of age against 2.16 and 2.14 for the two other breeds.

And, at Pennsylvania State University, Shorthorn beef proved to be the most edible in tests conducted by that venerable institution.

Eleven women sampled steaks from six different breeds daily for a test period. They were judged according to tenderness, flavor and juiciness. Highest grade was nine and lowest was one.

The Shorthorn beef scored highest with an average of 6.9 points. Polled Herefords were second, followed in order by Angus, crossbreds, Charolais and Holsteins.

Add these three proved stories of Shorthorn excellence to your battery of breed promotion material.

## STANDARD GUARANTEE

Endorsed by

AMERICAN SHORTHORN BREEDERS' ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller, within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under 2 years of age shall not be served by a heavy, or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proven to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfactory to all claims. No charge for feed or maintenance made either by buyer or seller and salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's disease of the state.
6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam as well as service dates.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction. All animals sold in this sale will be backed by the above Standard Guarantee.
